

# Green Solutions

Ecologically friendly  
solutions for your  
company's cabling.

# Sustainable and future-proof technology for your company.

For Furukawa, offering the best solutions in optical and copper cabling for IT and telecommunication infrastructure is not enough. Our technology must also be sustainable and future-proof.

Therefore, we have developed our new Green solution: innovation, performance and sustainability, all in one. Thus, you can responsibly choose the technological solutions which meet the demands of your company from now on.

## Sustainable innovation is our business.

### Your life matters!

**Less smoke and zero emission of toxic gases**  
Our LSZH (Low Smoke Zero Halogen) products were specially developed to minimize the risk of death in case of fire.

**More time to escape and less damage to health**  
With less smoke it gets easier and faster to identify the closest emergency exit. In addition, the non-emission of toxic gases reduces considerably the risk of suffocation.

### LEED Scoring Potential
